

Dear All,

Enclosing the latest version of our internet magazine Fine Dining. We hope you will find it interesting. In a few days you can also download the magazine directly on the following links:

www.finedining.se

www.finewine.se

Please note some logos, adds and articles have "clickable" links. As an example a click on the Chaîne logo links to the Chaîne international website.

Of course we encourage everyone to forward Fine Dining to your own members and everyone else you might think could be interested. So please feel free to forward the magazine to your members, family, clients and friends. We do. As for all publications we very much appreciate all kinds of feedback in order to improve Fine Dining. Please feel free to revert for more information or questions.

Finally I will also take the opportunity to inform that we still have some extra room at our up-coming Grand Chapitre in May. If anyone feels to join us in the very Southern part of Sweden you are most welcome.

Wish you all the best and hope to meet you all in Monaco in June if not before.
